

Flibbix Quotes and Awards

NBC TV

"One of the hottest new toys of the Holiday Season..."

The Washington Post

"This year there was a bumper crop of great games. It's hard to top the comments about Flibbix, a game from a new company. 'Kids stayed in from recess to play this game,' one teacher wrote to us in disbelief. You build your own board each time you play Flibbix, so it's always different — and clearly lots of fun. 'One of the best board games we have ever played,' our fifth-grade testers said."

The National Parenting Center

"Odds are you have never played a game like Flibbix before. Here's the reason why...There Are No Rules....well not until you make them up! Testers, both young and old, thought that was just awesome. Featuring durable plastic pieces that magnetically snap together to create a unique game board, able to change with each playing, Flibbix was downright entertaining from start to finish. Parents reported that the whole family was in stitches and as a result it earned, in the case of many testers, an honored position in the Family Game Night cabinet."

Mom's Best Network

"Any parent knows how quickly kids get bored. Flibbix by Merillian provides the cure for any child's boredom...Flibbix is easy to use, highly adaptable, and endlessly fun. By giving kids more board game options, Flibbix is new every time they play. Flibbix offers parents an amazing value. Because every game played is new, it's like getting thousands of games all in one box."

Wired.com

"My kids had an absolute blast playing it, laughing their heads off at the back-and-forth nature of the game. For a nice change of pace from most kid-friendly board games, my wife and I enjoyed it quite a bit as well....I definitely recommend Flibbix to anyone with kids."
